Description

Located in a recently built residence from 2020, this 1-bedroom apartment offers comfort, functionality, and high-quality finishes in one of Bucharest's most desirable northern neighborhoods – near Iancu Nicolae.

Located In One Of Bucharest's Most Desired Residential Areas

With a usable area of 60 sqm, the apartment features a well-designed, fully separated layout and is positioned on the 4th floor of a modern building. The interior includes a spacious living room, a bright bedroom, a fully equipped kitchen, and a bathroom.

Among the modern features are two air conditioning units, an individual gas boiler, and a dishwasher — all contributing to everyday comfort and energy efficiency.

Although the apartment does not have a balcony, it compensates with a generous interior space and plenty of natural light. This is an excellent option for professionals or couples seeking a contemporary, low-maintenance home in a quiet and well-connected residential area.
